EXECUTIVE SUMMARY

Introduction

The Student Satisfaction Inventory (SSI) survey is designed to gather quantitative and qualitative data on undergraduate experiences, expectations, and overall satisfaction for assessment of institutional effectiveness. The College's mission, Institutional Learning Outcomes (ILOs), Program Learning Outcomes (PLOs), Course Learning Outcomes (CLOs), Co-Curricular programs, and Support Services are measured and assessed through direct statements, student comments, and student satisfaction score data.

Mission Statement

Baptist Bible College educates, inspires, and equips students to serve as effective Christian leaders.

Institutional Learning Outcomes (ILOs)

Baptist Bible College graduates are equipped with biblical knowledge and scholarship, faith and commitment, community and global awareness thus preparing them to:

ILO #1 – Apply the rigorous learning of biblical truth to real life challenges. (HEAD)

ILO #2 – Nurture their relationship with God above all else and to respond unequivocally to God's call on their lives. (HEART)

ILO #3 – Engage a diverse global society, evangelizing and ministering both in and through the local church. (HAND)

Key Observations

1. The response rate **decreased** significantly in 2021 (**26%**) compared to 2019 (**47%**) and 2017 (**54%**). Ruffalo Noel Levitz suggests the average SSI response rate for a residential campus is 25-30%. While 26% is still within the average response rate range, it is something to consider and attempt to improve moving forward.
2. The College administered the SSI survey in Fall 2021, Fall 2019, and Fall 2017. Thus, the SSI survey is benchmarked against **BBC** itself. In **most** satisfaction areas, the data identify **improvements** in student satisfaction from 2019 to 2021.
 - a. There are **83** unique satisfaction statements (including 10 custom campus-defined statements) which are benchmarked against the 2017 average. **BBC had a higher 2021 satisfaction score than the 2019 satisfaction score on 45 of 83 statements (54.22%).**
 - b. The 83 questions are placed into **12** general categories, and **BBC had a higher 2021 satisfaction score average than the 2019 satisfaction score average in 9 of 12 general categories.**
 - c. There are **6** student group satisfaction statements included on the survey. **BBC had a higher 2021 satisfaction score average than the 2019 satisfaction score average on 4 of 6 student group statements (66.67%).**

3. The SSI survey is benchmarked against **ABHE Institutions**. The data comparison of BBC vs. ABHE Institutions (2018-2021) was **very favorable** and demonstrates that BBC is **performing better** than the average ABHE Institution.
 - a. There are 73 unique satisfaction statements which are benchmarked against the ABHE Institution average. **BBC has a higher satisfaction score than the ABHE Institution average satisfaction score on 47 of 73 statements (64.38%).**
 - b. The 73 questions are placed into 12 general categories, and **BBC also has a higher category satisfaction score average than ABHE Institutions in 8 of 12 general categories.**
4. The SSI survey is also benchmarked against **National 4-Year Private Institutions**. The data comparison of BBC vs. National 4-Year Private Institutions was **very favorable** and demonstrates that BBC is **performing significantly better** than the average National 4-Year Private Institution.
 - a. There are 73 unique satisfaction statements which are benchmarked against the National 4-Year Private Institution average. **BBC has a higher satisfaction score than the National 4-Year Private Institution average satisfaction score on 65 of 73 statements (89.04%).**
 - b. The 73 questions are placed into 12 general categories, and **BBC also has a higher category satisfaction score average than National 4-Year Private Institutions in every general category.**
5. BBC received an average satisfaction score of **6.00 or higher** (Likert scale of 1-7) on **41 of 83** unique satisfaction statements. This is **very favorable** when compared to ABHE Institutions which received a 6.00 or higher on only **13 of 73** unique statements, and National 4-Year Private Institutions which received a 6.00 or higher on only **2 of 73** unique statements.
6. BBC received an average satisfaction score of **less than 5.00** (Likert scale of 1-7) on only **4 of the 83** unique satisfaction statements. ABHE institutions received less than 5.00 on **1 of 73** unique statements, and National 4-Year Private Institutions received less than 5.00 on **9 of 83** unique statements.
7. The **“On Campus Internet”** statement has the largest performance gap at BBC (6.49 importance score and a 4.24 satisfaction score for a performance gap of **2.25**). However, the internet was addressed over the summer as a result of previous SSI and Graduate Exit surveys.
8. **30.43%** of students reported their decision to attend BBC was **MOST** influenced by their **parents/family**. This is a significant change in student enrollment influence. **Pastor/church staff**, has historically been the most influential group by a significant margin. For example, in 2019, **38.71%** of students reported pastor/church staff were most influential, and in 2021 only 23.91% reported the same. Thus, our student demographic is changing.
9. The summary statement, “Rate your **overall satisfaction** with your experience here thus far,” received a satisfaction score of **5.91** (Likert scale of 1-7) compared to 5.64 for ABHE Institutions and 5.28 for National 4-Year Private Institutions.
10. The summary question, “All in all, if you had to do it over, **would you enroll here again?**” received a satisfaction score of **5.91** (Likert scale of 1-7) compared to 5.82 for ABHE Institutions and 5.29 for National 4-Year Private Institutions.

OVERALL SATISFACTION DATA

The survey is designed with 98 statements which are organized as follows:

- **73 standard statements** (which are each related to 1 of 12 general categories: Academic Advising, Recruitment and Financial Aid, Instructional Effectiveness, Concern for the Individual, Student Centeredness, Registration Effectiveness, Campus Climate, Service Excellence, Campus Support Services, Safety and Security, Campus Life, and Responsiveness to Diverse Populations).
- **10 campus-specific statements** (custom statements developed by the institution to measure specific issues or initiatives).
- **6 student group statements** (identifies the satisfaction level of student expectations with regard to the institution’s commitment to part-time students, evening students, older returning learners, under-represented populations, commuters, and students with disabilities).
- **9 recruiting/admissions statements** (identifies the importance level of factors with regard to the student’s decision to enroll at the institution including: Cost, Financial Aid, Academic Reputation, size of Institution, Opportunity to Play Sports, Recommendation from family/friends, Geographic Setting, Campus Appearance, and Personalized Attention Prior to Enrollment).

The statement responses were measured using a Likert scale for the “Importance” to the student and the “Satisfaction” of the student with regard to each statement/question. The Likert scale values range from 1–7 (1–not important/not satisfied at all to 7–very important/very satisfied) as listed on the table below.

Likert Scale Values	
“Importance” Score Values	“Satisfaction” Score Values
1 – not important at all	1 – not satisfied at all
2 – not very important	2 – not very satisfied
3 – somewhat unimportant	3 – somewhat dissatisfied
4 – neutral	4 – neutral
5 – somewhat important	5 – somewhat satisfied
6 – important	6 – satisfied
7 – very important	7 – very satisfied
0 – does not apply	0 – not available / not used

NOTE: Averages are calculated based on the number of students who indicated a response of 1-7. Averages are calculated separately for the “Importance” response and the “Satisfaction” response.

Response averages to the 98 statements are included on the table below.

- Statements with a satisfaction score of 6.00 or higher are highlighted in **bold green**.
- Statements with a satisfaction score of 4.99 or lower are highlighted in **bold red**.
- Statements within the satisfaction score range of 5.00 -5.99 but with a significant performance gap (0.75 or greater) between the importance score and satisfaction score are highlighted in **bold**.

BBC BENCHMARK

The College administered the SSI survey in **Fall 2021**, **Fall 2019**, and **Fall 2017**. Thus, the SSI survey is benchmarked against BBC itself. There are 83 unique satisfaction statements (including 10 custom campus-defined statements) which are benchmarked against the 2019 and 2017 scores.

The 83 statements are placed into 12 general categories, and **BBC has a higher 2021 satisfaction score average than the 2019 satisfaction score average in 9 of the 12 general categories**. One category (Campus Climate) remained constant compared to the 2019 score, and only two categories received lower satisfaction score averages. The general category data are provided on the table below.

SUMMARY

Summary

The overall results of the SSI survey are **very positive** and provide useful data for the assessment of institutional effectiveness. A strength of the SSI survey is the ability for institutions to **benchmark** the data against prior SSI surveys, against ABHE Institutions, and against National 4-Year Private Institutions. BBC showed growth an increased performance in most areas compared to the 2019 survey. In addition, **BBC outperformed the ABHE institution average in most major statistical categories** (pp. 17, 21), and **BBC outperformed the National 4-Year Private Institution average in every major statistical category** (pp. 17, 22).

Given the comprehensive nature of the survey statements, the response data may be used to assess the institution as a whole including both the **academic services** and **support services** (refer to the “Department” table, pp. 15-16). The data demonstrate that both the **academic services** and the **support services** of the College are strengths.

While the overall results are very positive, some of the data highlighted throughout the report indicate there are some growth opportunities for the College, resulting in needs and future work and recommendations for consideration.

Needs and Future Work

Items listed below represent broad areas of need or future work based upon survey data and responses.

1. Improve all aspects of campus safety and security.
2. Address technology concerns expressed by students including our technology contractor, Microsoft email, and Wi-Fi capabilities.
3. Develop additional student activities and engagement options.

Recommendations

Items listed below represent general recommendations. While some recommendations include more details than others, they are not intended to be all-inclusive or to limit creativity and brainstorming.

1. Continue reviewing current security protocols, contractors, and staffing needs.
2. Continue reviewing the current technology contractor performance, and review installation timeline for new network servers and Wi-Fi access points.
3. Request the Budget and Resource Allocation Committee consider allocating some 2022-23 fiscal year budget funds to upgrade the computer lab in Fall 2022.
4. Continue reviewing current student activities/engagement opportunities and develop additional initiatives which may include more weekend activities, intramural activities, and student clubs.
